

# VILLAGE PARK

Delivering on our promise despite wet conditions, a tight timeline, and supply chain challenges.

INDUSTRY  
**Municiple**

CUSTOMER  
**West Lampeter Township**

## SCOPE OF WORK

We managed construction while self-performing preconstruction services, overall survey and construction layout, 55,162 cubic yards of bulk earthwork, 8,000+ linear feet of underground stormwater, water, and sanitary lines, paving, landscaping, and sports field construction.

We also oversaw the project schedule for four additional prime contractors to help deliver a softball field, two baseball fields, nine multi-use fields, volleyball courts, basketball courts, and parking for 214 vehicles.

PROJECT SIZE

**38 ACRES**

CONTRACT VALUE

**\$1,342,125**

DURATION

**14 MONTHS**

## PROBLEM SOLVED

The site was extremely wet and required earthwork to be completed prior to winter. We also needed to coordinate operations and supply chain management during the COVID shutdown to ensure the project was completed on time.

**“Our vision was to have a community park that all generations could enjoy on a daily basis, and CH+N played a huge role in helping us to accomplish that. Even though we were dealing with a pandemic, CH+N found a way to make it work, and our Village Park is now a hub of our community!”**
